NIJMEGEN

Regarding your question about taking courses of other Faculties, this is generally possible. Our Faculty coordinators will have to check this in individual cases, most importantly if there are any prerequisites the students have to meet to take the course.

As for language requirements, part of the application documents is a Proof of English proficiency. Please check our website for the requirements:

As is explained at our website, we ask for a language certificate. However, a statement of the level of English (we ask for at least B2 level of English) is sometimes accepted as well. The Faculty coordinators have to decide about this. If you would like to check this with them, you can find the contact details of all coordinators on this website:
